Does the recruiting service publicly identify all applicable service costs and a website address or sample of these costs is included with this document?

Does the recruiting service provide access to samples or previews of the information prior to purchasing the annual subscription and is a website address or sample of this service is included with this document?

Is this recruiting service made available to all universities/colleges desiring to subscribe?

This service is NOT being purchased to gain recruiting access to a prospective student-athlete or as an inducement to influence an individual associated with a prospective student-athlete?

Is the subscription/package price paid by Sacramento State the same subscription /package price paid by all other subscribers regardless of any conference affiliation or level of NCAA divisional status? For example, Div. I institutions may not be charged one price for a subscription/package and Div. II institutions another price for the same.

A "NO" response to any of the above will result in recruiting service being impermissible under NCAA legislation.

**Note: A high school or two-year college is not a recruiting service and therefore cannot be paid for providing information or video. Institutions are limited to providing a high school or two-year college with the cost of a blank DVD (CD, tape, etc) and postage for sending the video to the institution.**
